MELIO SECURITIES COMPANY, LLC

NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD APRIL 19, 2010 THROUGH DECEMBER 31, 2010

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company is a broker dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is an Illinois limited liability company organized in April 2009 and is a wholly owned subsidiary of Melio and Company, LLC. The Company is currently approved to serve as a placement agent on taxable and tax-exempt private placements, and supports clients with broad access to the taxable and tax-exempt debt and derivative capital markets.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Revenue Recognition

Advisory fees are recognized when earned.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all short-term debt securities with an original maturity of six months or less to be cash equivalents.

Accounts Receivable

The Company grants credit to its customers and generally requires no collateral. Accounts receivable are reported at their outstanding balances reduced by the allowance for doubtful accounts, if any.

The allowance for doubtful accounts is increased by charges to income and decreased by chargeoffs (net of recoveries). Management's periodic evaluation of the adequacy of the allowance is based on the Company's past collection experience, known and inherent risks of the customer comprising the Company's accounts receivable balance, adverse situations that may affect the customer's ability to pay, and the current economic conditions. Accounts receivable are charged off when management deems the accounts receivable balance to be uncollectible.

Based on review of the accounts receivable, management determined that an allowance for doubtful accounts was not necessary at December 31, 2010.

Income Taxes

The Company is a single member limited liability company, and, therefore, the Company income is taxable to the member. Accordingly, no provision has been made for income taxes.

MELIO SECURITIES COMPANY, LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD APRIL 19, 2010 THROUGH DECEMBER 31, 2010

NOTE 2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1). Under this rule, the Company is required to maintain "minimum net capital" equivalent to \$5,000 or 6 2/3% of "aggregate indebtedness", whichever is greater, as these terms are defined. At December 31, 2010, the Company had net capital of \$82,542 which was \$77,542 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.027 to 1.0.

NOTE 3. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of bank balances in excess of Federal Deposit Insurance Corporation limits and accounts receivable.

The Company occasionally maintains bank balances in excess of federally insured limits. The Company has not experienced any losses on such accounts.

NOTE 4. CONCENTRATIONS

For the period April 19, 2010 through December 31, 2010, the Company had 2 clients that accounted for 100% of revenues.

NOTE 5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts reflected in the balance sheet for cash and equivalents approximate their respective fair value based on the short term nature of these instruments.

NOTE 6. ACCOUNTING FOR UNCERTAIN TAX POSITIONS

The Company follows the provisions of the accounting standard regarding "Accounting for Uncertain Tax Positions". This accounting standard provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in the enterprise's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The adoption of this standard had no material effect on the Company's financial position, results of operations, or cash flows. The tax years of 2009 remain subject to examination by the taxing authorities.

The Company includes penalties and interest assessed by income taxing authorities in operating expenses. The Company did not have penalties and interest expense for the period April 19, 2010 through December 31, 2010.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Member of
Melio Securities Company, LLC
Northfield, Illinois

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

In planning and performing our audit of the financial statements of Melio Securities Company, LLC ("Company") for the period April 19, 2010 through December 31, 2010, we considered its internal control, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
